CERTIFICATE

This is to confirm that we have procured and used "MANAS" Make Electromagnetic Flow meters (Full Bore) From M/s Manas Microsystems Pvt.Ltd. Pune, for our Maheloliya Pumping Station Project installed at Lunawada to measure flow of Raw Water.

Qty	Product Details	Application	Flow Range	Sr. No.
1 Set	Meter Size : DN 300	Raw Water Measurement	2400LPM	11060821

These flow meters are also reliable in operation and accurate in measurement. We also confirm that the above flow meters have been working satisfactorily since installation and commissioning; i.e. from 31-12-2006. Also, the after sales services provided by M/s Manas Microsystems Pvt. Ltd., Pune are quite satisfactory.
